

Button and tab color | Open layouts

The highlight color sets the color of the buttons on the registration page and the primary and sidebar tabs in the event window.

Note: The text color is automatically set to white or black, to contrast with the highlight color. If you select a dark color, the text is white. If you select a light color, the text is black.

To change the highlight color:

Go to the Player & Branding tab. Open **Advanced Branding** and set the Highlight Color.

This example shows green buttons on the registration page and green tabs on the event window.

The diagram illustrates how the 'Highlight Color' setting is applied across different parts of the user interface. On the left, a control panel shows 'Highlight Color' set to '#4a9900' with a corresponding green color swatch icon. Two red lines originate from this icon and point to specific elements in two screenshots on the right. The top screenshot, titled 'Keynote Kickoff', shows a registration page with green buttons for 'Add to Calendar' and 'Register Now'. The bottom screenshot shows an event player interface with a green 'Slides' tab and a green 'Ask a Question' button. The red lines indicate that the green color selected in the settings is used for these buttons and tabs.

Highlight Color: #4a9900

Keynote Kickoff
Tue, Apr 5, 2022 9:00 AM EDT
Add to Calendar

Welcome to Alltrek's 10th annual Eco Conference Keynote Kickoff hosted by Alltrek's own Abigail Gomez and Damien Jones. Tune in to find out about our vision of green tech, where it's going, and the strategies your competitors are using to get there. We'll also introduce this year's sponsors and guest presenters.
